....The Power of Brilliance

Medini Technologies

Building Information Modelling

Model Smart. Build Better.
Shape The Future of Construction.

A practical programme to help you master BIM tools and workflows for intelligent design, collaboration and sustainable construction.

What You Will Learn

- *BIM Concepts & Workflows*
- *Navisworks /BIM 360*
- *3D Modelling & Documentation*
- *Clash Detection & Coordination*
- *4D/3D BIM (Time & Cost)*
- *Sustainability & Lifecycle*

- Industry Projects
- Industry Expert Faculty
- Global Standards (ISO 19650)
- Placement Support

DURATION
9 Weeks

INTERNSHIP
12 Weeks

MODE
Offline / Hybrid

ELIGIBILITY
Graduates / Final Year Students
