PRODUCT DESIGN & MANUFACTURING

INNOVATE. DESIGN. MANUFACTURE.
CREATE WHAT TOMORROW NEEDS.

A hands-on programme that combines creative design thinking with advanced engineering tools to transform ideas into market-ready products.

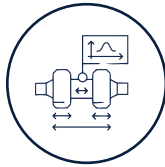

WHAT YOU WILL MASTER

Design Thinking & Conceptualization

3D CAD Modeling
(SolidWorks/
Creo/NX)

DFM & Tolerance Analysis

Prototyping & Product Testing

Manufacturing Processes

Product Lifecycle Processes

Product Lifecycle Management

Industry Projects & Case Studies

Advanced Labs & Software

Expert Faculty from Medini

Placement Assistance

DURATION
9 Weeks

INTERNSHIP
12 Weeks

MODE
Hybrid

ELIGIBILITY
Engineering Graduates /
Final Year Students

DESIGN TODAY.
MANUFACTURE
TOMORROW.

TURN YOUR IDEAS
INTO REAL-WORLD IMPACT.
